Title: QUALITY POLICY		Page 1 of 1	

QUALITY POLICY

Reli Technology, Inc. has implemented an Aerospace Quality Management System (AQMS) to demonstrate to relevant interested parties our commitment to meet the requirements of the ISO 9001:2015, AS 1900:D and AS 9120:B by:

Ensuring materials conform to customers' requirements, continually improve our Aerospace Quality Management System while meeting all applicable statutory and regulatory requirements.

Reli Technology, Inc. empowers its employees to meet these commitments through training programs and access to the quality management system.

The Quality Policy and Quality Objectives are periodically reviewed and revised as the need arises.

QUALITY OBJECTIVES

Reli Technology, Inc. will determine the effectiveness of its Quality Management System by monitoring the following Quality Objectives:

- Ontime Delivery to Customers
- Customer Satisfaction
- Customer Returns
- Supplier Ontime Performance
- Supplier Quality Performance

Approved By & Date:

Shlomo Jacob CEO April 24, 2025

The President of Reli technology, Inc. has formulated the Quality Policy and Objectives. The policy is explained and discussed at the general orientation training given to all new employees and has been reviewed with all current employees. The policy is posted in prominent locations throughout the facility.
